Note to Parents

Dear Parents,

Yes!! Time does fly and we are already in May. We are all very excited about our upcoming graduation ceremony/ concert in May.

The children have been practicing for the whole last month, ready to perform a wonderful performance for you.

Our last month's themes of Sea animals, space, and bunnies became so popular among children. They have all enjoyed reading stories, making crafts and learning about sea creatures and astronauts.

Notice Board

We would like to welcome Ms. Lara as a new member of our Simba Team! She has been enjoying the city of Abu Dhabi for the past 2 years as a teacher and artist. She loves working with children to grow in their creativity and in developing caring hearts for others.

Ms. Lara looks forward to having lots of fun new experiences while playing and learning with the Simba family.
