

JULY August

Dear Parents

Simba Nursery hopes that everyone is enjoying a peaceful and relaxing summer holiday! During this time we are working with dedication to prepare our facility for the upcoming term. We are renovating to add extra classroom space and redecorating to create an even more exciting learning environment!

We look forward to welcoming the children back August 28th!

The **Summer** is not only a perfect time for relaxation but also a great opportunity for the family to bond and be closer together!

Participating in **crafts, sports, and fun activities** allows you to form stronger family relationships. You can also learn more about each other's interests and have better communication!

Engaging your children in active play helps them to grow in their body and developing better memory!

Heat Safety

- Drink lots of water and hydrating juices
- Wear cool loose clothing, hats, and sunscreen
- Stay in the AC and shade during

Try This Fun Craft!

- Egg Cartons
- Google eyes
