National Day Celebration

Wednesday, 29th November

Promoting Positive Behaviour

The last month of October, Simba Nursery has won a number of training and development awards, but more important than awards is our commitment to ensure that all staff are highly trained so that they can provide the best childcare to parents who place their trust in us to educate their children.

Monthly in house training sessions run by EYES (Early Years Educational Institute from UK) empower our staff to promote a positive learning culture throughout the Nursery.

Dear Parents,

The nurturing and development of a child's confidence, independence, and self-esteem is most critical during the preschool years. It is important that children feel the satisfaction of personal achievement and receive praise for their accomplishments.

In the month of November, we are focusing on helping the children realize their personal achievement through the star of the week program.

Star of the Week

The star of the 3rd week of October goes to Christian in Ms. Amy's Mighty Monkeys Class.

This month we are also celebrating **UAE Pride** during celebrations for National Day as well as daily observance of the national anthem. National Day will be celebrated here at the nursery with a host of cultural activities and treats that will excite the entire family! (Camel rides, falcon, mini heritage village)

Academic Concepts for November

Theme: Sports (Age 3-4)
 On the Farm (Age 2-3)
 Horses (Age 1-2)

Trick or Treat Celebration

The month of October has been a very busy one! We all had a blast at the Halloween party, where we enjoyed dressing up in spectacular costumes and going from class to class for trick or treating fun! We would like to thank all Simba Parents for their contributions in shared snacks and treats for our Halloween celebrations in each classroom.

Notice Board

Ballet Sessions are still open for registration! Please see Ms. Tarhata for more information.
