7 little, 8 little, 9 little elves,  
10 little elves are making toys!

The month of December is always exciting for both parents and children. The children will enjoy the warm spirit of the holiday season with tons of fun activities in the classroom!

This month we are focusing on manners and good behavior.

#### Suggestions for Parents:

We would like to remind parents the benefits of reading aloud to your child each day; it not only develops listening skills but also helps to expand the attention span. Other activities such as pushing a truck on the floor helps to develop the visual tracking needed to follow rows of print.

We would appreciate if your child would bring his or her favourite book to school to share with the class.
